

Resume of
Reed (Kim) Bezzant

- Education:** BS, Industrial Technology, Major - Welding Technology, Utah State University (6/1982)
- Professional Associations (Past certifications):** AWS Certified Welding Inspector - Certification Number 86110011
ASNT ACCP Level II - VT - Direct and Remote Techniques - General and Pressure Equipment Endorsements - Certification Number 141875
NDE Level II - MT, PT
NDE Level I - VT, LT
NDE Level III - Weld Inspection
ASME Section IX All Position Certified Welder
- Experience:**
- XCEL ENERGY/NORTHERN STATES POWER COMPANY - Minneapolis, MN**
Principal Engineer - Welding, 10/85 - 4/03
- Provide technical support to in welding, NDE, metallurgy and failure analysis to the nuclear, fossil fuel, gas turbine and alternative fuel electrical generating plants
 - Condition assessment and failure analysis of power plant piping systems, boilers, pressure vessels and related equipment and the development of repair plans and procedures
 - Ensure welding program compliance with the ASME Boiler and Pressure Vessel and Piping Codes, NRC regulations and State laws and statutes
 - Project support for major component replacement projects and new construction projects
 - Maintained corporate metallurgical laboratory
 - ASME Post Construction Standards Sub-Committee Member
- National Board R-Stamp Quality Manager**
- Administer Xcel Energy (North) National Board R-Stamp program and the Minnesota State Approved Boiler and Pressure Vessel Repair program
- CHICAGO BRIDGE & IRON CO. - Various Locations**
Project Engineer - Fremont, CA
- Contract Administration of oil refinery overhaul and construction projects
 - Supervision of field engineers and craft labor
- Welding/QA Engineer - Salt Lake City, UT and Kankakee, IL**
- Provide welding, NDE and material engineering support for ASME, AWS and API shop fabrication and field construction projects
- Field Engineer - Kankakee, IL**
- Engineering support for nuclear and oil refinery construction projects
- BECHTEL POWER CORP. - Palo Verde Nuclear Generating Station, Phoenix, AZ**
Welding Engineer - Student Internship
- Supervise the installation of pipe supports in the Unit I Radiation Waste Building

Resume of
Reed (Kim) Bezzant

CHICAGO BRIDGE AND IRON CO. - Salt Lake City, UT

Certified Welder

- Certified welder on ASME Section III and VIII pressure vessels, API tanks and AWS Structural components
- ASME Section IX certified with the SMAW, FCAW and SAW processes
